

School Anthem

Green and Gold, Our future lies
Filled with growth and learning
We will face with opened eyes
A world where truth is burning
We will always stand together
Proud with heads held up on high
Loyal and true well be forever
Esto Perpetua

In the days that lie ahead
In triumph or disaster
Well find our strength in the roots
of our *Alma Mater*
Our song will echo loud and clear
Voices raised in harmony
Girls in green well be forever
Esto Perpetua
